East Coleman **Hold Meeting**

Some 30 East Coleman ratepayers in Improvement District No. 10 held a meeting last week to discuss the expenditure of the Provincial Government's Recreational grant that is available to the East Coleman, Blairmore Road and Grafton town districts.

The grant totals some \$4000.00. A former plan between the town of Coleman and the Improvement District No. 10 to pool their government grants together to build a swimming pool did not materialize as the proposal was turned down when the citizens of Coleman proper went to the polls and turned down a by-law authorizing the town council to borrow money to go into the matter of jointly building the swimming pool with the Improvement District.

With the retirement of Steve Mraz and Ed Churla from the Improvement District No. 10 Recreation committee, a new committee was elected and comprises Bill Skura, Steve Rypien, Alex Sekella and new members Amelia Kropinak, Helen Kropinak and Steve Liska.

The newly formed committee will investigate feasible methods of spending the government recreational grant in the Improvement District No. 10 area to serve the young people of the area and the committee is to report at the next meeting.

The matter of continuing the cement sidewalks in East Coleman was discussed and since there is a considerable amount of money remaining which was allotted to the area the meeting decided to continue the program this year. The money is from the Provincial Government's five year program grants.

The question of water service

Jr. Forest Wardens **Group Formed**

The Coleman Junior Forest Warden group was formed on Saturday when provincial organizer Terry Whitley of Hinton, Alberta, was present at the Coleman Elks hall to assist the Fish and Game Organization, sponsors of the young peoples' group.

Over 70 boys joined the Junior Forest Wardens and a meeting has been called for next Saturday, when the charter will be received. Meeting nights will be organized, and arrangements for a hall will be completed.

With the formation of the Coleman group there are now 15 such groups in Alberta, with the Pincher Creek group being one of the largest in the province.

The Pincher Creek Junior Wardens, in uniform and supervised by Mr. Gibson, were present and performed several drills for the new group. Several of the Pincher youths were presented with merit badges they had earned, and were qualified to receive.

A good deal of enthusiasm over the formation of the group was shown by Coleman citizens, 21 of whom signified their willingness to co-operate and aid in the training program.

Included in the training that will be offered to the boys once the club gets rolling, will include first aid, forest travel, identification of trees, proper and sane use of firearms, fire-fighting and fire prevention, semaphore, Morse code, and map reading, and many other factors that are appealing and useful to young people.

After the meeting some very interesting slides were shown by Mr. Terry Whitley on Camp Life that was very ably explained, following which came a question and answer period.

O.O.R.R. Attend **District Meeting**

Two bus-loads of members of the Royal Purple comprising 33 members of the Blairmore Lodge and 27 Coleman members attended the Royal Purple district meeting in Cranbrook, B. C., last week.

In charge of the meeting, attended by some 140 persons, was District Deputy Supreme Honored Royal Lady Millie Yanota of Blairmore, while Anna Fabro of Blairmore acted as secretary.

for Grafton town and Blairmore road residents was again brought up and discussed at the meeting.

These two areas get their water supply from wells and it was disclosed that with the dry summer last year that some of the wells were condemned and others were dry.

The town of Coleman had been approached previously with a view to getting Coleman to service these two areas in the Improvement District with water, but after some discussion no further action was taken.

It was decided to draft a letter for the residents of this area, which is to be circulated in these two areas to find out how many of the residents here would be interested in getting water service from the town of Coleman.

It was also reported at the meeting that the water table in the Crows Nest River passing through the middle of East Coleman was rising and as a result many basements in the area were being troubled with flooding.

The committee will write to Harry Strome, Minister of Agriculture, with a view to getting the government to dredge the river through East Coleman.

A new slate of officers was then elected to office and will comprise President, Ed Churla, Secretary, Ed Mraz.

Committee members, Geo. Taggart, Steve Liska, Alex Sekella, Ed Yagos, Henry Therberghien and Bill Skura.

Present at the meeting were William Kovach, MLA, of Hillcrest, and Joe Hanrahan of the Department of Highways who ably answered questions put forth by the citizens of Improvement District No. 10.

Pensioners Attend **Macleod Meeting**

Mrs. G. Horn, president of the Coleman Old Age Pensioners group and Mrs. J. Rogers, Mr. and Mrs. J. M. Rushion, and Mr. and Mrs. Dave Bouthillier, attended the provincial executive meeting of the Old Age Pensioners Senior Citizens Association held in Fort Macleod Monday, April 22.

Approximately 30 delegates from the Fort Macleod, Lethbridge, Pincher Creek and Coleman groups were present, while representatives from Hillcrest and Taber were unable to attend due to illness.

The meeting re-elected Mr. Frayne of Lethbridge, as president of the provincial group, and Mrs. Harriette Cunningham, also of Lethbridge as secretary-treasurer. Mr. Dick Graham of Pincher Creek was elected as vice-president.

It was also announced at the meeting that the annual convention would be held in Fort Macleod on August 7th and some plans were discussed for this affair.

It was suggested and approved at the meeting that this year each branch of the Association hold their own annual summer picnic or rally for their members.

Fantins' Hillside **Chapel** **Officially Opened**

Over 350 persons from all over Southern Alberta and British Columbia visited Fantin's Hillside Chapel that was officially opened here on Sunday afternoon, April 28th.

The new, attractive building was built by Ostberg Construction Co. of Blairmore, for Ernest Fantin, who will operate the new business.

Included in the spacious building will seat well over 125 persons. Besides the funeral business, Mr. Fantin will also operate an ambulance service and a monumental service.

At the close of the official opening a draw for door prizes was made and won by Evelyn Rickman of Bellevue.

M. Fantin is married and has two children. The family reside in Blairmore. He plans on servicing the entire Crows Nest Pass.

Geoffrion To Visit **In Coleman**

A number of Coleman young people will enjoy the thrill of a lifetime when they will meet with "Boom Boom" Geoffrion on Saturday afternoon, May 11th in the Coleman Elks hall at 1 p.m.

The noted hockey star will be presenting the most valuable player awards to the winners in the Bantam, Juvenile, Pee-wee and Midget divisions.

The athletic executives and coaches of the Coleman and Blairmore teams will have a short meeting and luncheon with the guest prior to the affair in the Elks hall.

Large Crowds Attend **Frank Slide Ceremonies**

FRANK — The 60th Anniversary Old-timers' Reunion in memory of the Frank Slide disaster held here Sunday was a curious mixture of gaiety and solemnity.

Although the disaster will always be remembered as a terrible tragedy, it was obvious at the various functions held to mark the occasion, that time has perhaps mellowed the tragedy into something that is now almost a celebration and not a commemoration.

Perhaps the actual participants in the disaster can be forgiven after 60 years for not feeling too sad about the whole affair. After all, it was a long time ago, and the few remaining alive to commemorate the event were the survivors giving them every reason to celebrate.

And for those who arrived in Frank after the slide, but who remember the area well in those early 1900's, the commemoration, reunion or celebration, has justifiably become a wonderful opportunity for saying hello to the people who were good friends many years ago, but had slipped temporarily out of sight and out of mind.

Dignified Ceremony
 The memorial service at the tomb of some of the disaster victims was conducted with all the reverence and dignity the brief ceremony demanded.

A crowd of several hundred people gathered in chilly weather to remember those who lost their lives.

Rev. Kazuo Iwasa said the opening prayer; Rev. P. E. Millen gave the lesson and Rev. P. A. Tessier said further prayers before a simple ceremony of laying a wreath from the town was carried out by Frank Mayor, Ludwig Margetak.

The two-minute silence ended with the notes of Bandmaster Frank Ed's trumpet playing the solemn Last Post and then as Frank police constable Wilfred Milburn raised the flag from its half mast position to the top of the flagpole, the strident notes of Reveille rang out.

After more brief prayers by the ministers, the onlookers, Cubs and Scouts of the 1st Lions, Blairmore, RCMP Corporal Garnet Walker, and Constable Barry Goldberg, joined WO2 Edl and the band of the 31st Technical Squadron, RC-EME, in the beautiful hymn, O God Our Help in Ages Past.

The service over, hundreds of the spectators who had come to remember April 29, 1903, wandered around among the huge boulders, some as large as a house, some just small, some close to the foot of the deadly Turtle Mtn. some — even huge ones — standing starkly up to two miles from the mountain.

An Amazing Sight

To those looking at the scene for the first time there was amazement and wonder, for the old-timers coming back for perhaps the 10th, 20th, maybe even 60th time there was just acceptance that this thing they remembered so well was still here until the end of time.

Quickly the solemnity of the service vanished. Old friends got together to discuss "the good old days". Others headed for the fine concert provided by the town.

Those who did, enjoyed music by the Crows Nest Pass Band,

Teentowners **Hold Meeting**

The Pass Teen-Towners held a meeting in the Coleman Union hall this week when the young people elected a slate of officers.

Elected to office were:

President, Shirley Campbell.

Secretary, Gale Giejer.

Treasurer, Robert Fisher.

Joe Hanrahan will act as public relations officer.

Meeting nights for the newly formed Teenagers' Club was changed from Friday to Thursday evenings.

The meeting concluded after an enjoyable evening of dancing.

Blood Clinic **Very Successful**

People in the Crows Nest Pass responded very well to the appeal of the Red Cross for Blood as 212 pints of blood was collected by the Red Cross Blood Transfusion Service in the Elks hall on Wednesday afternoon and evening of April 24th. Only six persons were rejected.

According to A. W. Haley, co-ordinator of the Blood Transfusion Service for Southern Alberta, this is the best clinic that has been held in the Crows Nest Pass for some years and the Red Cross were more than pleased with the results.

It is reported that there were many new faces at the clinic and all of the Pass towns were well represented.

The affair in the Pass was conducted by Mrs. Joan Dunford, Reg.N., of Coleman, assisted by convener Anna Fabro of Blairmore, Mrs. Barbara Magdall of Bellevue, and Louise Demchuk of Hillcrest, and Casey Goring, administrator of Crows Nest Pass Municipal Hospital.

Takes Part in **Frank Slide** **60th Anniversary**

Mr. Harry Bansenere of Yannis, Mass., U.S.A. and formerly of Boston, after traveling all winter through the States, arrived in Coleman with his sister, Mrs. Anna Wilson of Moose Jaw, Sask., on Saturday, April 27th, to take part in the Frank Slide Sixtieth Anniversary ceremonies Sunday, April 28th. They were both former Coleman residents.

Mr. Bansenere was one of the survivors of the disaster of 1903, when he was then 14 years of age. Their home was missed by the falling rock. After the disaster the family moved to Lundbreck and later to Coleman, where he was employed.

Mr. Bansenere played on the Coleman hockey team for several years before moving to the United States.

He gave a tape recording of his and his parents' experiences of the disaster which will be heard over CJLH-TV Lethbridge. The residents of the Crows Nest Pass are looking forward to hearing this recording.

While here Mr. Bansenere and his sister, Mrs. Wilson, visited at the homes of Mr. and Mrs. W. Hoggan and Mr. and Mrs. W. Milley and called on many old-timers throughout the Pass.

Coleman Oldtimer, **Stephan Panek passes**

Stephan Panek, Coleman oldtimer, died at his home here on April 23rd, following a period of ill health.

Mr. Panek, 72 years of age, was born in Trestanta, Czechoslovakia, on December 1st, 1891. He came to Pennsylvania when he was 16 years of age and two years later moved to Bankhead, where he worked in the mines for 10 years, before coming to Coleman, where he resided until the time of his death. He was a member of the Coleman Local of the United Mine Workers of America, the Slovak (Bratsva) Society and of the Catholic Church.

He is survived by his wife, Annie of Coleman, a daughter, Mrs. Mary Arbuckle, a grandson Stephen, and he was predeceased by a daughter in 1931.

Prayers will be said in the Coleman Catholic Church on Friday evening, April 26th. Requiem High Mass was celebrated from Holy Ghost Catholic Church in Coleman at 10:30 a.m. on Saturday morning and interment was made in the family plot in the Catholic cemetery. The Rev. Denis Fleming officiated at the services.

Hall's Funeral Services Limited of Blairmore, were in charge of arrangements.

Dr. Adler Addresses **Home and School**

Approximately 22 persons attended the Coleman Home and School Association meeting held in the Coleman Main school last week, when Dr. Kurt Adler of the Chinook Health Unit addressed the meeting.

Dr. Adler's talk outlined the Chinook Health Unit's plans for the forthcoming dental program to be undertaken by the unit.

He indicated that the program would include a teeth cleaning and polishing program among the local school children and that fluoride treatment would also be part of the program.

He stated that there was a great need for a dental care program in the Crows Nest Pass and that the Chinook Health Unit would undertake a prevention program rather than a corrective program. Teeth cleaning and polishing will be done every six months under the present plan.

Dr. R. B. Burgman, Blairmore dentist, was also present, and spoke on the value of water fluoridation. His talk emphasized how a fluoride water treatment plan would work hand in hand with the present plans of the Chinook Health Unit.

The speakers were both given a hearty vote of thanks for an interesting talk.

The room attendance prize was won by Mrs. Malanchuk's grade seven class. After lunch was served by the hospitality committee, the meeting adjourned.

St. Paul's United **Church Observes** **60th Anniversary**

St. Paul's United Church in Coleman celebrated its sixtieth anniversary on Sunday, April 28th, when Special Anniversary Services were held to mark the occasion.

The Rev. Wellington Dorrner of Pincher Creek, was guest speaker for the affair and conducted the service at 10 a.m.

For this special occasion the Church was gallily decorated with bouquets of spring flowers and the Church Choir presented and sang several special selections.

The Rev. H. G. deLeeuw, Minister of St. Paul's, conducted the services at the Pincher Creek and Cowley Church for the Rev. Mr. Dorrner.

On Monday evening the Anniversary Supper was held in the Church's newly remodeled clubrooms where over 175 persons attended the turkey banquet. The banquet was prepared and served by the United Church Women.

**WHO
PLANS ALBERTA'S
ELECTRICAL
PROGRESS?**

You may have heard it said that government-owned power would mean co-ordinated planning for the whole province.

In other words, you are being asked to believe that such overall planning is not in effect now!

What are the facts?

The investor-owned electrical utilities work under such regulating bodies as the Alberta Power Commission and the Supervisor of Hydro-Electric Development.

This government overseeing and directing of investor-owned utilities is precisely to ensure planning in the best interests of this province. At the same time it avoids a government power monopoly, against whose rulings there is no right of appeal. The present system safeguards free-enterprise initiative. But, under this system, co-ordinated overall planning is a reality right now!
